Introducing Teacher Identity - JSTOR
To begin, we found that among all our key variables, teacher identity was rated the highest over personal identity, student identity, ethnic identity, and generativity (T-tests ranged from 4.98 to 15.56, all ps < .001). This suggests that these first year teaching students are either coming to the teacher education program with an early and strong identification as a teacher, or that this identification quickly develops in the first semester of their pro
