International DT466E trouble codes. | The Diesel Stop

I can't remember which way worked for me. I did this with my 12-ton that threw an engine code on my way back from Atlanta. I called my local IH dealer and that is what the service manager told me to do. When I did it, the display lights blinked, then the screen that normally shows the odometer read "2 faults", then flashed a code for each one.
