AIR CONDITIONER (SPLIT TYPE) Installation manual
A split system air conditioner is a great option for keeping your home cool and comfortable in the summer months. This type of A/C is ductless, so all you have to do is install the cooling unit inside and the compressor and condenser unit outside, then run piping and a power cable between the units.

CONDITIONER INSTALLATION MANUAL

Air Conditioners. An air conditioner offers a great way to keep your home cool in hot weather. To find the best air conditioner for you, you'll first have to determine how much space you need to cool. An air conditioner's cooling power is measured in BTUs, which will tell you how large an area it will cool.
