Full of thievery, action, ... Watching how Lord, Miller, and their animation team translated the story about a strange event where food fell from the sky like rain and snow.

### **My Story Animated - YouTube**

The history of animation started long before the development of cinematography. Humans have probably attempted to depict motion as far back as the paleolithic period. Much later, shadow play and the magic lantern (since circa 1659) offered popular shows with projected images on a screen, moving as the result of manipulation by hand and/or minor mechanics.
