BS 9999: Code of practice for fire safety in the design ...
BS 9999 has in part superseded BS 5588, the only parts of which are still current are those that relate to residential properties. BS 9999 has to be applied in its entirety, you cannot dip into it for piecemeal solutions. Although some fire safety knowledge is required, BS 9999 could be a useful tool for many designers.
