Author Post: The Post-COVID-19 Organization

Summary . Managing and leading are two different ways of organizing people. Leadership is setting a new direction or vision for a group that they follow — i.e., a leader is the spearhead for that new direction. On the other hand, management controls or directs people/resources in a group according to principles or values that have already been established.

Business values post Covid-19, Leadership & Management ...

GRADUALLY, apprehensively, entire nations are emerging from the bunkers after bending the novel coronavirus infection curve. Millions of people are once again heading back to offices after months of enforced isolation at home, many of them wearing masks and armed with hand sanitiser. Signs and even robots reminding people to distance themselves from others are everywhere.

7 Leadership Traits For The Post COVID-19 Workplace

AS cheap money starts to look expensive, it is time to consider what the speeding pace of capitalism was doing to us pre-Covid-19 and assess the implications for our post-Covid values. Our financial masters were pumping up the stock markets and pouring cash into a system at a rate that encouraged gambling beyond what sensible commercial practice should have allowed. Business is a gamble ...
