thus the legal 'street' exists 10 feet behind the back edge on both sides. Thinking that your property goes to the back of the sidewalk or the edge of the road is a very common mistake. You may be right.. but the odds are against it.

realtor.com - Find Real Estate, Homes for Sale, Apartments ...

Thus the first house on the left at one end of the street might be house number 1, while the last house on the right at the other end of the street, which might be miles away, could be number 5000. In many modern cities, therefore, an address suitable for finding the house or building incorporates these components:
